

If your heart has been touched and you wish to resign (demit) from any affiliation with the Masonry organization, Copy or print out and fill out the form below and send to the organization's office. Although they may protest, continue to send you materials, or may not even acknowledge your letter, you will officially have broken the physical ties to the lodge. A copy of your form should be sent to your pastor or a Christian friend you trust.

You will also need to pray for God to forgive you for being disobedient and sinful and also pray to break any soul ties, iniquities, demons, and word curses that may be attached to you by participating in the oaths involved in the rituals.

Seek fellowship in a Bible believing church that takes a stand for the truth in God's word and acknowledges that Masonry is not compatible with Christianity.

May God bless you in your decision.
